

Agritourismtalk grade 3 & 4

On the 31st January 2014 Grade 3 and 4 participated in a presentation and activities related to Tourism. The talk started with an animated discussion about the importance of looking after our heritage. The girls then joined in activity about recycling and disposing of litter properly not just for their benefit but also for the tourist that would visit our country. The girls were then taken on a virtual tour of the country stopping at places of interest steeped in history and natural beauty.

The students enjoyed interacting with the animators who led the session. At the end of the session all students present were presented with a tote bag and two booklets depicting the places of interest around Malta.
