

More resources for the Pre Grade Class

September - 22nd - 26th

At the start of the scholastic year, the school continued to invest in more educational resources and toys to be used in the Pre Grade class. These new resources were chosen by the class teacher Ms Renette Magro after consulting Ms Dorianne Cutajar and Sister Kalpna, who both form part of the teaching team in the pre grade class.

Certainly our girls will appreciate these new teaching resources and toys as these will be used during the different activities prepared beforehand
