

Pre Grade Teddy bear's picnic

Our third week ended with a Teddy bear's Picnic which the girls, as well as their lovely soft toys absolutely loved! This event was one of our letter (letter t) activities.

The girls were asked to bring a picnic blanket and a soft toy for this event which took place in the school playground. Once we were out in the playground we helped each other lay out the blankets and each girl placed her soft toy next to her on the blanket. Once we had said the prayer they all started eating their lunch, and after this they were each given a cupcake which they were asked to decorate using chocolate and sprinkles. The children grouped up, together with their soft toys, and helped each other decorate the cupcakes.

The picnic was nearing an end, and the girls ate their cupcakes and cleared up their picnic food. The final step was folding the blanket – Ms Marilena and I showed the girls how to fold it, and in twos they helped each other fold their own blankets – they were so good at it!!!
