

Refurbishments in the Gym and  
Installing of new shelves in the library

Maintenance work and refurbishments continue to be a priority at our school to enhance the teaching and learning environment. Lately a number of works were carried out in the school. A set of new shelves were installed in the library, to house the newly acquired books. The gym was also repainted to provide a better space for the girls to have their activities in. Maintenance work was also carried out on the blinds in the classes.
